Dial100 in News

डायल 100 तत्परता से अपराधी धर दबोचे..... 24 घंटे गर्मी, सर्दी, बरसात, धूल, धूप, धुआं, सड़क पर केवल सेवा कार्य

Key Challenges

- > Availability of trained staff in FRV's
- > Behaviour under stressful situations
- > Availability of Telecom data network across the state
- > MDT operation and ATR filing by FRV staff.
- > Accuracy of GIS maps.
- > Constant update of SOPs and standardization.
- ➢ Supervision by District Officials.
- > In-house capability to address change management issues.

Way Forward.....

Technical Up-gradation &

Preventive Measures For Cyber Attack

Enhancement in FRV Count

Procurement of CCTV, **Biometric &** Additional **Batteries in FRVs**

Body Warn Camera for FRV Staff

Construction of Dial 100 **Control Room** based on International Norms

India's First Sate wide Safe Ci Centre, Machine Handle Andrease First

C

Safe City Monitoring & Response Center (SCMRC), Bhopal

SCMRC Facilitates in Real Time Video Availability & its Analysis for 11 cities of CCTV Project

Live Feeds On City GIS Map

Live view of any selected camera from any of the cities' GIS map at SCMRC Bhopal

Command & Control Room- at City

Command Control Suite (CCS):

Provides common operating picture, interactive control, event correlation, and thematic maps with location analytics, social intelligence (which helps to identify the miscreants populating social sites) and mobile van surveillance.

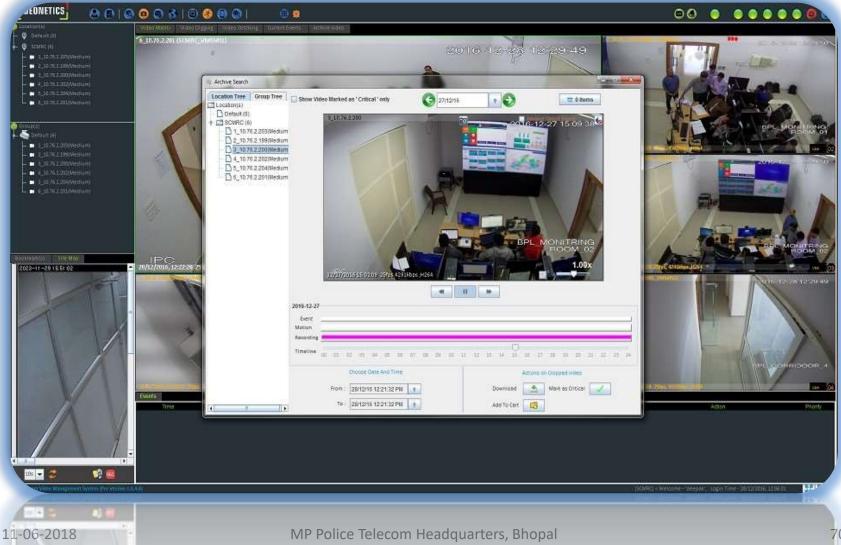

Video Surveillance Aggregated for 61 Cities at SCMRC Bhopal

Video Surveillance of any city through the central Video Management System at SCMRC Bhopal

Forensic Information - Accessing, Storage and Playback of **Video Recording**

The captured video of the CCTV camera is stored and archived for future access, retrieval and playback.

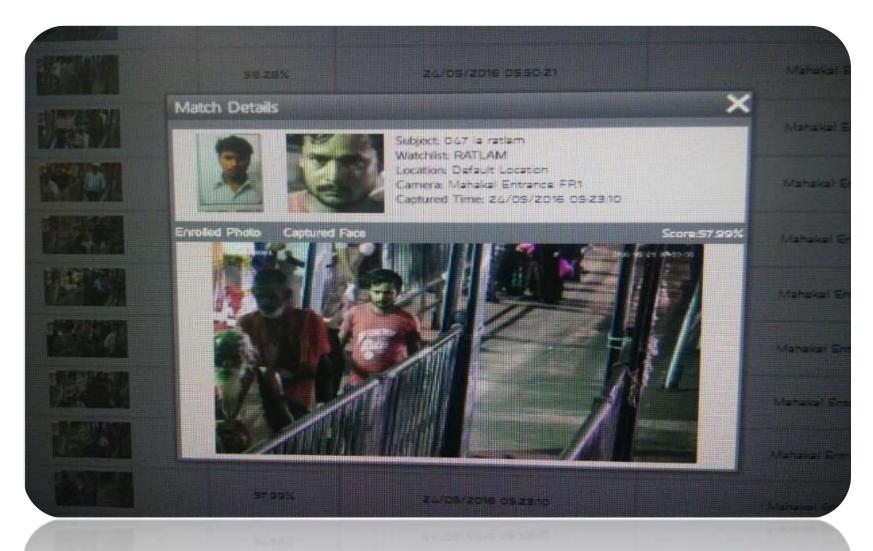

Video Analytics

INTELLIGENT VIDEO ANALYTICS

- Unattended or Left Object (suspicious)
- Removed item detection
- Image masking
- People Loitering Detection
- Camera Tamper Detection
- Motion Detection
- Real time Situational awareness
- Video Loss Alarm
- Database and Camera server redundancy
- Pre alert for fast response
- Pre alert for fast response
- Mask sensitive areas
- Access prevention
- Immediate Alarm notification for tamper
- Unauthorized access notification
- Prompt action & preventions
- Pre alert for fast response
- High availability

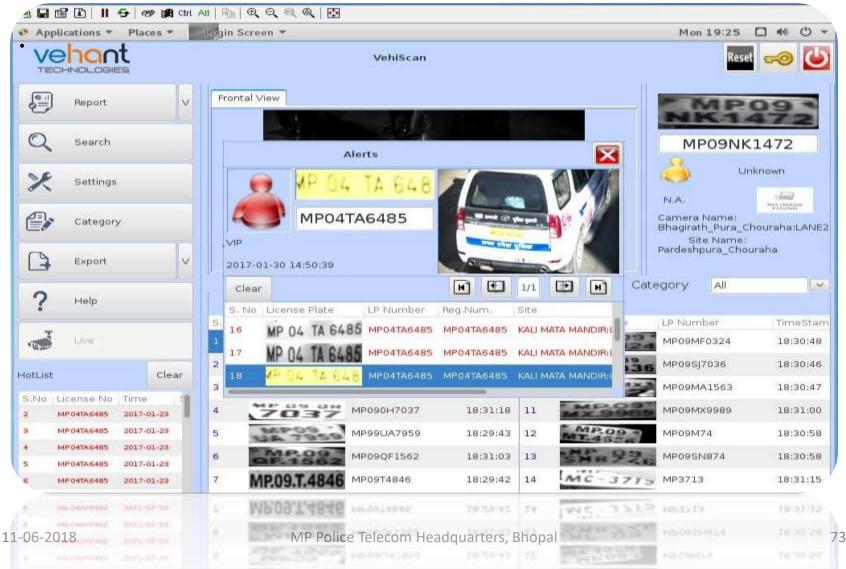

Facial Recognition System

Automatic Number Plate Recognition (ANPR)

Once a vehicle is identified by the ANPR system at cities, it is further sorted by the system into predefined categories of "lost", "theft", "stolen", "VIP" and "VVIP".

Features - State Level Integrated Command and Control Centre, SCMRC

- Real Time Automated Alert Notification via SMS, e-mail and Phone Call
- State Level Centralized Integrated Dashboard
- State Level Centralized Helpdesk System
- State Level Centralized Health Status Monitoring
- GIS Capabilities for Camera Management, Hot Spot Analysis and Route Surveillance
- Integration with Social Media like Facebook, Twitter etc.
- Integration with other IT Systems like DIAL 100, CCTNS etc.
- Post Incidence Investigation Assistance

SCMRC - DASHBOARD

Graphical representation of history of Alerts generated from all /individual cities, is available on the Dashboard at SCMRC Bhopal.

- State Level CCTV Surveillance & Response system (Emergency Response System) for 60 Cities of Madhya Pradesh on 24*7 Basis
- State Level composite Response System with the integration of surveillance with DIAL 100 response infrastructure (well equipped FRVs manned by Police and Civil Personnel)
- Centralized State Level "Safe City Monitoring and Response Centre (SCMRC)" at State capital Bhopal - of any camera any where in the state from Bhopal for

better public order management and asset management.

- Designed "Standard Operating Procedures (SOP)" for operations of CCTV Surveillance & Response System
- Designed "Legal Frame Work document" (Evidence, Courts and Legislation Corrections)" for CCTV Surveillance & Response System
- Integrated with Social Media (Twitter, Face Book) for Incident/ event creation for
 - cloud words like accident, crime, criminal etc. in posts on social Media
- > Fully Equipped 60 City Control Rooms (CCR) & Response Centre, for each city

- All Police Thanas also covered under CCTV surveillance for protection of people under police custody and convenience of victims/information providers
- All entry/exit points in the cities are covered by ANPR system to track the theft and suspicious vehicles.
- To address the bandwidth crunch for within the city, department envisaged OFC rollout in all 60 cities, which will connect the all vantage locations within city, Police Stations, District Police Control Rooms and state Police Control Room etc.

- State Level web-based and app-based Helpdesk system to book the tickets for faults raised and to provide the technical support for the system on 24*7 basis
- Training imparted for 5000 police personnel till date after a rigorous exercise of Training Need Analysis (TNA) for the police department and Capacity Building Program would continue for ever
- ➢ Mobile Surveillance Vehicles in all cities to cover up the entire geography of the state for Live video footage in CCR and SCMRC Bhopal on as and when required

basis

State Level Health Monitoring System (EMS/NMS) to monitor the health status of the all

network devices, cameras, servers, storage etc.

MOBILE VAN SURVEILLANCE

Mobile CCTV Surveillance Vehicles are available in city CCRs for video monitoring at remote locations and area of incidence. The captured video is recorded in the vehicle itself. Further the captured video is transmitted to city CCRs on availability of 3G mobile network.
