PSBediGroup organises first blood donation camp

PS BEDI GROUP ORGANISES ITS 1ST BLOOD DONATION CAMP

PSBediGroup, in association with Rotary Blood Bank, recently organised its 1st blood donation camp at its corporate office in New Delhi to celebrate the 60th Republic Day. The event was conducted under its Corporate Social Responsibility (CSR) Programme to not only create awareness on the importance of blood donation but also to ensure its team members active contribution towards society. The camp also attracted a lot of general public who walked in voluntarily to participate in this noble cause. The camp received an

overwhelming response with 74 volunteers, out of which 60 donated blood and 15 were deferred as they were not fit to donate blood on that day. The figure of 60 units was targeted so as to match with the 60th Republic Day. Under its CSR Programme, PSBediGroup is closely associated with various initiatives. One of them is sponsoring of the publishing of the book 'If I were

Rain', which is a wonderful presentation of the lives of India's street children who live in difficult circumstances of poverty, exclusion and exploitation. The Group is committed to be a responsible Corporate Citizen of India and has plans to undertake many more initiatives through the active participation of each of its team members.
