## 6. Customs and import regulations

For entry / importation of non-community goods, which are imported from third countries, a customs procedure is necessary. If you wish DSV to take care of your customs clearance, we require a signed and stamped power of attorney and commercial invoice. Please get in contact with us in case you intend to send goods.

### Permanent import

The release for free circulation either takes place upon entering the European Community or following transit procedures. When importing third country goods customs duty and import turnover taxes have to be paid. In addition, for certain commodity groups such as coffee, tobacco, spirits and sparkling wine excise taxes have to be paid.

### Temporary import

By placing a transit procedure a security equal to the import duties has to be deposited at the customs office of departure. After the proper execution of the transit procedure the security will be reimbursed by the customs office of departure.

The customs clearance can be either handled by us or a customs agent.

## 7. Liability and insurance

Our liability ends upon delivery of the exhibition goods to the booth, even without presence of the exhibitor and only resumes again with the acceptance of the goods at the booth. We do not assume liability for any goods left in the empty crates, boxes or packing material. Waiting times according to the rules of the fair organisation are not our responsibility.

Possible damages etc. have to be acknowledged immediately and in writing to our on-site exhibition office at the fairground.

The goods are not insured by DSV Contract Logistics B.V., unless written on the order services are always at the risk of the customer. All transactions are subject to the Dutch Forwarding conditions, excluding the arbitration clause, in the latest version deposited by FENEX at the Registry of the District Court at Amsterdam, Arnhem, Breda and Rotterdam. The general conditions are at all times available for inspection, can be consulted via the website of FENEX and will be sent to you upon request free of charge.

We recommend signing a global fairs and exhibition insurance agreement to ensure you against any losses or damages of transportation as well as during the exhibition. Surely, we can arrange such an insurance if required. If you renounce this comprehensive insurance protection we would like to acknowledge you that in this case the continuous liability on the basis of the Dutch Forwarding Conditions (FENEX) will be effective.

## 8. Terms of payment

Our invoices are raised to the forwarding agent charges according to our tariff and are calculated on a net basis. All invoices are made per exhibitor and/or stand and are due for payment straight after receipt.

If your shipment is not handled by us, we have to ask you for payment of extra/additional charges on site. Major credit-cards are welcome.

Following up processes required by RAI Amsterdam, every exhibitor and standbuilder requiring logistics services will have to fill in a credit card form for payment security.

You can view the terms and conditions on our website
